

REMARKS

Restriction Requirement

Applicants herein acknowledge the restriction requirement in the above-referenced application. Claims 1 through 51 are currently pending in the application. The Office has identified the following groups of claims as being drawn to separate inventions:

Group I – claims 1 through 31 and 38 through 45, drawn to method of forming a packaging assembly of plural semiconductive substrates each possessing electrical devices, classified in class 438, subclass 107.

Group III – claims 46 through 51, drawn to means to bring discrete articles into assembled relationships, classified in class 156, subclass 556.

Applicants hereby elect the claims of Group I, claims 1 through 31 and 38 through 45, without traverse.

The Office further required that upon election of Group I, applicants elect a single disclosed species as identified in the Office Action. The restriction requirement identified two species, Species I, identified as claims 1 through 15 and 38 through 45, and Species II, identified as claims 16 through 31. No claim is considered generic. Applicants hereby elect Species I, claims 1 through 15 and 38 through 45, for examination.
